Subject: Keep Uber in SC

Please consider reversing your recent decision to ban Uber. It is a valuable resource, and a wonderful company to work with. SC needs this type of affordable ride share program.

Thank you,
Andy Coyne

Taxis are uncomfortable, have horrible customer service, and have refused to drive or pick up in certain areas before. If you're against this, it is because you believe that they should continue to have a monopoly for political reasons, and I assume that means monetary gain on the part of those that defend the taxi sector. Do the SC taxpayers a favor and allow Uber to continue to compete.

Please allow uber to stay in SC. The cab service is highly unreliable and feels unsafe for the most part. That's not to say that I have not had enjoyable cab rides, but since uber got to Charleston, the ease and reliability by which they operate makes using their service a no-brainer. A safe ride home is always the best option when people are drinking, the inability to rely on cabs has created a market for uber to thrive. Providing safe rides home at reasonable costs.

Subject: Please reinstate Uber!

I recently moved to South Carolina from Washington, D.C. I have been riding Uber in DC for years and was excited that South Carolina had the service as well. It is an enjoyable, safe, and affordable service. Especially with the difficulty getting a cab in most parts of South Carolina, Uber helps prevent drunk drivers as well.

It would be a mistake to not allow them to operate in SC. They are cleaner, safer, and more enjoyable than cabs.

Thank you,
Rhett McCraw
